The 24 articles gathered in this cross-cultural

multi-themed reader offer an exceptionally direct approach to issues surrounding identity and culture around the world. As the National Geographic Society's writers and photographers investigate the physical and cultural characteristics of specific locations throughout the world, they put faces on forces of assimilation, diversification, and make the multifarious realities of globalization palpable and concrete. Introducing readers to people and customs that may seem foreign, they shed new light on familiar American themes as well.
